

Title: Poster Girl
Author: Veronica Roth
Published: 2022

A fallen regime. A missing child. A chance at freedom. For decades, everyone in the Seattle-Portland megalopolis lived under it, as well as constant surveillance in the form of the Insight, an ocular implant that tracked every word and every action, rewarding or punishing by a rigid moral code set forth by the Delegation. Then there was a revolution.

Title: Bridge
Author: Lauren Beukes
Published: 2023

In infinite parallel universes, there's a version of you who already has everything you've ever wanted. But 24 year old drop-out Bridge is paralysed, by all the other lives she could have lived, the choices she could have made, and now, whoever she's supposed to be in the wake of her mother's premature death.

Title: The Lost Cause
Author: Cory Doctorow
Published: 2024

It's thirty years from now. We're making progress, mitigating climate change, slowly but surely. But what about all the angry old people who can't let go? Disaster relief, the mitigation of floods and superstorms, has become a skill for which tens of millions of people are trained every year. The effort is global. Even when national politics oscillates back to right-wing leaders, the momentum is too great; these vast programs cannot be stopped in their tracks.

Title: The Mars House
Author: Natasha Pulley
Published: 2024

In the wake of environmental catastrophe, January, once a principal in London's Royal Ballet, has become a refugee on Tharsis, the terraformed colony on Mars. In Tharsis, January's life is dictated by his status as an Earthstronger—a person whose body is not adjusted to Mars's lower gravity and so poses a danger to those born on, or naturalized to, Mars.

Title: Red Rising
Author: Pierce Brown
Published: 2014

Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. But Darrow and his kind have been betrayed. Soon he discovers that humanity already reached the surface generations ago.
