

Catholic Diocese of Bathurst Registers

The Title pages which appear with these records relate to the original filming and do not reflect the date ranges within which the SAG was given permission to copy these records. The SAG electronic version covers the following dates, where available:

Baptisms – to 31 December 1910

Marriages – to 31 December 1950

Burials – to 31 December 1980

Confirmations – to 31 December 1950

For any records beyond the above date ranges contact the Catholic Diocese of Bathurst.

Films marked with an * required additional editing after the initial conversion from microfilm to electronic format took place – frame numbers on these films are indicative only and may no longer reflect the actual PDF frame for each of the items listed.

Note that Reels 30, 33, 38 and 40 contained material which was all outside of the allowed access range for the SAG so these reels were not duplicated. They are listed below to show researchers what records they contain - access to information on those 4 reels will need to be arranged directly with the Catholic Diocese of Bathurst.
