*Nahri has never believed in magic. Certainly, she has power; on the streets of 18th century Cairo, she's a con woman of unsurpassed talent. But she knows better than anyone that the trade she uses to get by—palm readings, zars, healings—are all tricks, sleights of hand, learned skills; a means to the delightful end of swindling Ottoman nobles.*

**Series:** The Daevabad Trilogy

**Author:** S.A. Chakraborty

*But when Nahri accidentally summons an equally sly, darkly mysterious djinn warrior to her side during one of her cons, she's forced to accept that the magical world she thought only existed in childhood stories is real.*

*The Banished Lands has a violent past where armies of men and giants clashed shields in battle, the earth running dark with their heartsblood. Although the giant-clans were broken in ages past, their ruined fortresses still scar the land. But now giants stir anew, the very stones weep blood and there are sightings of giant wyrms. Those who can still read the signs see a threat far greater than the ancient wars.*
